        "totalBids": 8,
        "bidRank": "5/10",
        "bidMarketValue": 450,
```

```
      "winner": null
    }
  ]
```

Client my BWIC list(GET)

- endpoint: /bwic/mylist/{clientId}

- response same as [/list]

Client bid/update(POST)

- endpoint: /bwic/bid

- request:

```
{
    "bwicId": 1,
    "clientId": 1,
    "bidMarketValue": 1000
}
```

- response success sample: same as [/list]

- response fail sample:

```
{
    "code": -102,
    "msg": "User's asset is not enough",
    "data": null
}
```

Client cancel(POST)

- endpoint: /bwic/cancel

- request:

```
{
    "bwicId": 1,
    "clientId": 1
}
```

- response success sample: same as [/list]

- response fail sample:

```
{
    "code": -201,
    "msg": "BWIC is overdue",
    "data": null
}
```
